

INFORMATION ABOUT LICENSING

LOCKSMITH COMPANY

This packet contains information about obtaining a Locksmith Company license, descriptions of required qualifications, and license application forms. It is the policy of the Bureau of Security and Investigative Services (Bureau) to provide equal licensing opportunities for all persons without regard to race, color, religion, sex, national origin, disability, age, creed, marital status or sexual orientation.

The Bureau licenses and regulates Locksmiths in California under the provisions of the:

- California Business and Professions Code 6980-6980.84
- California Code of Regulations (formerly California Administrative Code)
Title 16, Division 7

No person may engage in the business of a Locksmith in California without obtaining the proper license from this Bureau. Any person who operates without a license, unless exempted, or who represents himself or herself to be licensed and is not licensed, is guilty of a misdemeanor, which is punishable by a fine and/or imprisonment. Licensing laws and regulations are subject to change. Applicants are responsible for staying informed of legislative or regulatory changes which may affect the status of their application. If any such changes affect the status of an application after it has been filed with the Bureau, the applicant will be notified.

FEE AMOUNT AND PAYMENT

Two separate fees are required to process a Locksmith Company application for an initial license: the \$250 application fee and the \$250 license fee (\$500 total). **Be advised that an application received without payment of the full application fee amount owed will not be processed and will be returned to the applicant.** Make check payable to Bureau of Security and Investigative Services or BSIS. Do not submit cash by mail. Application fees are non-refundable.

GENERAL QUALIFICATIONS FOR LICENSURE

Each person listed on the application (owner, partner, corporate officer, person to be in active charge) is required to meet certain general qualifications regarding fitness for licensure.

The person who will be in active charge of the business for a Locksmith Company is referred to as the person in active charge. Each company license must have one person designated for this duty. The person in active charge may be an owner, partner, or corporate officer.

DENIAL OF LICENSURE

A criminal history check is made on all applicants through the completion of a Department of Justice (DOJ) and Federal Bureau of Investigation (FBI) Live Scan. The director may deny a license if any person listed on the application as owner, partner, corporate officer or person in active charge have done any of the following:

- Been convicted of a crime substantially related to the qualifications, functions or duties of the business or profession for which the application is made.
- Committed any act involving dishonesty, fraud or deceit with the intent to substantially benefit himself or herself, or injure another.

- Committed any act which, if done by a licensee of the business or profession in question, would be grounds for suspension or revocation of the license.
- Knowingly made a false statement of fact required to be revealed on the license application.
- Had a license which is under suspension.
- Been refused a license or had a license revoked, or been an officer, partner or manager of any business that has been refused a license or had a license revoked by the Bureau.
- While unlicensed, committed, or aided and abetted the commission of, any act for which said license is required.

APPLICATION PROCESSING TIMEFRAME

The following items may affect the time required to issue a license: incomplete application forms; incorrect or nonpayment of fees; the DOJ and FBI's response time on criminal history checks; and the time required to verify application information.

Please allow a minimum of four weeks before contacting the Bureau regarding the status of an application.

FORMS REQUIRED FOR LICENSE APPLICATION

The following is a description of each type of form that must be included with the application. All required forms must be completed and submitted to the Bureau with the appropriate fees before the application will be processed. The attached Locksmith Company Application Forms Checklist on page 6 lists the forms required for a Locksmith Company license. Please check the completed application package against this list before submitting it to the Bureau.

APPLICATION FOR LICENSE (Form 31E-4) (fee required)

A separate Locksmith Company application must be filed for each entity applying for a license. For example, if an applicant wants to have a Locksmith Company sole ownership in addition to having a partnership with someone else, the applicant must file two separate Locksmith Company applications.

Licenses are not transferable or assignable to new entities, and a change in ownership constitutes a new entity, with a newly assigned Locksmith Company license number. If the type of ownership/entity changes after filing an application or after becoming licensed, the applicant must submit a new application with the appropriate fees. For example, if a licensed sole owner later decides to form a partnership or corporation, the sole owner licensee must apply for a new license for the partnership or corporation.

Business address: A post office box or mailbox service may not be used as the address of record unless mail delivery to the physical location of the business is not possible or the principal place of business is located in your personal residence. If a post office box or mailbox service is listed as the address of record, the applicant must include an explanation for doing so with the application and provide the physical location/address of the business with the explanation.

Corporation Applicants Only: If applying for licensure as a corporation, include an endorsed copy of the Articles of Incorporation (Domestic Corporation) or an endorsed copy of the Statement and Designation by Foreign Professional Corporation Form (Foreign Corporation) filed with the California

Secretary of State. A copy of the Statement of Information, filed with the California Secretary of State, must also accompany your application.

PERSONAL IDENTIFICATION FORM (Form 31E-9) (no fee required)

Each person listed on the Locksmith Company Application for License as an owner, partner, corporate officer and/or person to be in active charge of the business must complete one of these forms and submit one passport quality photograph, taken within the past year. Any person who knowingly falsifies photographs required for licensure is guilty of a felony.

REQUEST FOR AUTHORIZATION OF BUSINESS NAME (Form 31E-12) (no fee required)

Business may not be conducted under a fictitious or other business name unless written authorization is received from this Bureau.

The Bureau recommends that an applicant wait until the issuance of a Locksmith Company license before incurring expenses related to the use of the name, e.g., stationery, business cards, advertising, telephone listings, etc. for the Locksmith Company. **Approval of a corporate name by the Secretary of State does not mean the name will be automatically approved as a business name by the Bureau.**

The Request for Authorization of Business Name form will not be processed before receipt of an application and fees. List business names to be considered in order of preference. Name approval or disapproval is not available by telephone. Applicants will be notified of name approval or disapproval after review and acceptance of the application.

LIVE SCAN SITES AND FORMS

Live Scan is a system for the electronic submission of fingerprints and the subsequent automated background checks and responses. Simply go to the nearest Live Scan station to submit fingerprints to the DOJ and FBI. Visit the Bureau's website to link to the Live Scan sites and/or Live Scan forms: https://www.bsis.ca.gov/forms_pubs/livescan/criminalhistory_bgcheck.pdf.

Disclaimer: Please request the Live Scan operator to include your social security or individual taxpayer identification number when keying your information in order to aid the Bureau in processing your application.

FINGERPRINT CARDS

CALIFORNIA RESIDENTS: The Department of Justice, with rare exceptions, will only accept electronically submitted (Live Scan) fingerprints for criminal background checks related to employment, licensing, certification, etc. California residents who do not have reasonable access to Live Scan or have a justifiable reason to submit a fingerprint card may request fingerprint cards from the Bureau for submission.

NON-RESIDENTS: Out-of-state applicants will be deemed to lack reasonable access to Live Scan. Accordingly, hard fingerprint cards for such individuals will not be subject to the limitations described above.

The items listed below are required for fingerprint card submissions for each person listed on the application for licensure as an owner, partner, or corporate officer.

- Two completed fingerprint cards
- Include payment of \$49.00

ABANDONMENT OF APPLICATIONS

If an applicant does not complete the license application process within one year after the application is filed with the Bureau, the application will be considered abandoned. Once an application is considered abandoned, the applicant will be required to submit a new Live Scan form, a new application, and appropriate fees.

FINAL STEPS IN THE LICENSING PROCESS

When all requirements are met for licensing, including the requirements for the person to be in active charge of the Locksmith Company, the applicant will be notified to send the following items:

- License fee, if not already paid (see Locksmith Company Schedule of Fees).
- Any additional information needed to complete the application.
- **For applicants who applied as a corporation:** Articles of Incorporation or Statement and Designation as a Foreign Corporation from the California Secretary of State, if not already submitted.
