January 11, 2018

Agenda Item 7: Discussion of Technical, Statutory and Regulatory Updates to the Firearms Training Manual

Overall Updates:

- Updated referenced sections of the Penal Code, Business and Professions Code, and the California Code of Regulations with current law
- Added chaptering language for each referenced section of law

Outline of Specific Updates:

- Added new CCR Section 635.1 (Title 16, Division 7) Acceptable Targets for use During Range Qualification
- Updated information to align with new law regarding associating a firearms permit to a qualifying license
- Updated information to align with new CCR regarding the review training course and renewal procedures
- Removed the list of documents that ARE NOT acceptable evidence of citizenship or permanent residence
- Revised language and updated references pertaining to transporting a firearm based on Bureau research
- Removed references to Penal Code Sections 25400 and 25605 (possession of concealed weapons) as the Bureau does not have jurisdiction over concealed weapons
- Clarified the role of a security guard and a proprietary private security officer
- Corrected typo relating to total score for written exam
- Replaced Peace Officer FAQs with BSIS Information on peace Officer Exemptions
- Revised language as relating to security guards, bodyguards and peace officers
