INSTRUCTIONS FOR COMPLETING THE FORM

Permitholder Section

1. All sections of the *Certificate of Proficiency* form must be completed with permit holder and instructor signatures provided. The permit holder must fill out the first two (2) pages of the form. Only the Firearms Instructor who completed the training is authorized to complete the Certification of Firearms Range Qualification Training. **Permit holders are not permitted to complete ANY portion of the Certification of Firearms Range Qualification Training (Page 3).**
2. **Date of Birth and SSN/ITIN:** While optional, providing this personal identifier information assists in identifying permit holder in the Bureau's database.
3. **Email Address and Phone Number:** While optional, providing an email address and/or phone number may expedite the Bureau's communication with you if additional information is required to process this form.
4. **Address Information:** A Bureau permit holder is required to provide their residence address to the Bureau. The residence address can be designated as the Address of Record or the Confidential Address. **NOTE:** Changing your address(es) via this form, only changes the address for this permit. You must file a Change of Address Form to change the address on other licenses you may hold.

Address of Record (AOR): This is the address that will appear on your firearms permit and where the Bureau will mail your replacement permit (if requested) and any future correspondence relating to your firearms permit. The AOR is also the address that will be disclosed in response to public records requests and/or public sales requests. If providing a P.O. Box or an address other than your residence address as your AOR, you must provide your residence address.

Residence Address: If your AOR is not your residence address, you must provide your residence address. The residence address is confidential.

5. **Type(s) of License Currently Held** – Complete requested information for each license type you hold that you wish to associate with your firearms permit. **NOTE: If you are requesting to associate your firearms permit with your security guard registration for the first time,** you will need to take and pass a written assessment as a condition for associating the permit with the registration (Business and Professions Code Sections 7583.23 and 7583.47). For information about when the assessment is and is not required, visit BSIS' website at www.bsis.ca.gov/firearmsassessment.

6. **Active Duty Peace Officer** – If you are an active duty peace officer, as defined in Chapter 4.5, (commencing with section 830) of Title 3 of Part 2 of the Penal Code or a federal qualified law enforcement officer as defined in section 926B of Title 18 of the United States Code, you may be **exempt** from completing a BSIS firearms training course, to add a new caliber(s) to your firearms permit, by providing proof of your peace officer status and proof of having completed a course of study in the use of firearms in the caliber(s) you are seeking to add to your BSIS firearms permit. (BPC Section 7583.22). Verification of your active duty status can be satisfied by providing a legible copy of the front and back of your peace officer identification card. Acceptable proof of having completed a course of study in the use of firearms include a copy of your POST profile, a copy of your Basic/Specialized Basic POST course completion certificate, or a letter signed by your agency's Range Master or Commanding Officer attesting to your completion of a firearms training course. **NOTE:** This exemption does not apply to applicants who are only associating the firearms permit to a license issued under the Alarm Company Act. See BSIS website for additional information at www.bsis.ca.gov.

Instructor Certification Page

1. Only the Bureau-certified Firearms Training Instructor who provided the training to the permit holder is permitted to complete the Certification of Firearms Range Qualification Training (Page 3).
2. The range qualifications (50 rounds for practice and 50 rounds for score) to add the caliber(s) to a pre-existing firearms permit must be completed by firing live ammunition; the use of a firearms simulator for range qualifications is prohibited.
3. **Caliber Boxes** – Draw a line through and initial unused caliber boxes in the Permit Holder Training Information Table to prevent the addition of information after you have signed and released the form.
4. **Do not make revisions to the form.** If you need to change information, start a new form. The Bureau has no way of knowing if the change was made by the instructor or someone else.
5. **Citizenship or Permanent Resident Verification** – Provide specific information regarding the document presented by the applicant. For example, if a passport is provided, indicate the country of issuance (e.g., U.S. Passport, Canadian Passport, etc.). Also, "Citizenship Certificate" is not an actual document issued by the U.S. government. Indicate the specific title for the document (e.g., U.S. Citizen Identification Card, Certificate of United States Citizenship, Certificate of Naturalization). Indicating a general document title is a deficiency and will delay the processing of the form. See Attachment I of Firearms Training Manual for acceptable documents to verify citizenship/residency and the corresponding title of each document.
6. **Written Firearms Exam Scoring Instructions** – The BSIS Firearms Training Written Examination is worth 52 points. There are 50 written questions worth one-point each plus two handgun diagrams with each diagram worth one-point each. The applicant must correctly label each part of a handgun diagram to receive the one-point credit for that diagram. If one item is incorrectly labeled, the applicant does not get a point for the diagram. To pass the exam, the applicant must obtain a score of 85% or higher. An 85% score equals 44 correct responses. To determine an applicant's percentage score, divide the total number of correct responses by 52.
7. Due to changes in the law and Bureau operations, this form is periodically updated. Please routinely check the Bureau's website so that you are using the most current version.

Important Information Relating to Your Firearms Permit

1. You can only carry a firearm while performing the duties of the license associated with the firearms permit. For example, a permit holder who only has a security guard registration listed on his/her firearms permit and who also holds a private investigator (PI) license cannot work armed while carrying out the duties of a PI licensee. The firearms permit card must list the private investigator license for the permitholder to work as an armed PI licensee.
2. Officers of a PPO or PI licensee organized as a corporation, or members, managers, or officers of a PI licensee organized as limited liability company (LLC) are not licensees; rather, they are agents of the licensed corporation or LLC. Officers, managers or managing members who wish to hold a firearms permit must themselves hold a qualifying license
3. Once a caliber(s) is added to your firearms permit, you must thereafter qualify on that caliber(s) during each subsequent qualification you complete to renew the permit with that caliber. **NOTE:** All subsequent qualifications completed must comply with the qualification schedule based on your date of last renewal.

Review the [Firearms Permit Renewal Application](#) on the Bureau's website for additional information on qualification requirements.

Example: If you submit a *Certificate of Proficiency* form requesting to add a caliber(s) between the 1st and 2nd qualifications and the Bureau approves the request, you must then qualify with the added caliber(s) at the time of the 2nd, 3rd, and 4th qualifications to renew the firearms permit with the approved added caliber(s).

4. **Address Change:** You must notify the Bureau of any change in your address of record or residence address within 30 days from the date of change. Failure to provide timely notice may result in the issuance of fine. An address change may be completed online via BreEZe if you have a BreEZe account, or via an [Address Change \(Personal\) form](#), which can be accessed on the Bureau's website. The form may be emailed to bsis@dca.ca.gov or mailed to Bureau of Security and Investigative Services, P.O. Box 989002, West Sacramento, CA 95798-9002.
5. **Proof of Added Calibers:** Holders of a firearms permit associated with a Security Guard registration may work with a print out of the approved permit from the Department of Consumer Affairs' License Search website at <https://search.dca.ca.gov/> along with a valid picture ID while waiting to receive the hardcopy permit with the newly added caliber(s) in the mail.
6. **Reporting Requirement for Lost/Destroyed/Stolen Firearms Permit:** You must notify your employer and apply to the Bureau for a replacement permit within 72 hours of your firearms permit being lost, destroyed or stolen.
7. **Renewing Firearm Permit:** By law, you are required to submit a renewal application *at least* 60 days prior to your firearm permit's expiration (BPC Sections 7542.11, 7583.32, and 7596.7). Please note, the Bureau is unable to process renewal applications received more than 90 days prior to expiration. For instructions on renewing your firearms permit, review the current [Firearms Permit Renewal Application](#) from the Bureau's website.
